

Interactive Digital Storytelling

Application Help Guide

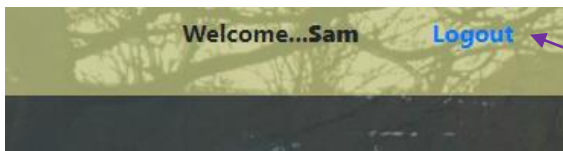

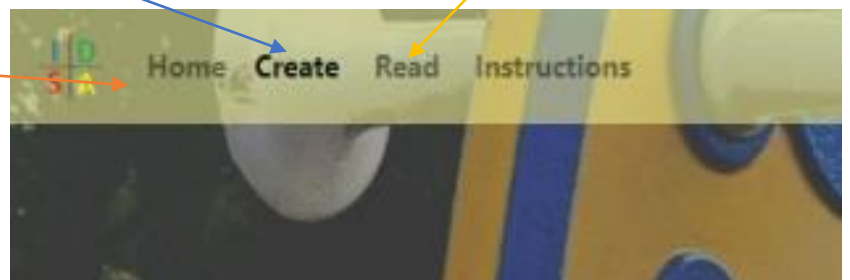

Finding different places

To move around the website, use the yellow bar placed at the top of the screen. Click on each of the words to move to the place you wish to learn.

Home - This link will direct you to the home screen, shown in the above picture.

Create - This link will direct you to the section where you can create your own eBook using multiple tools.

Read - This link will direct you to the section where you can read online books.

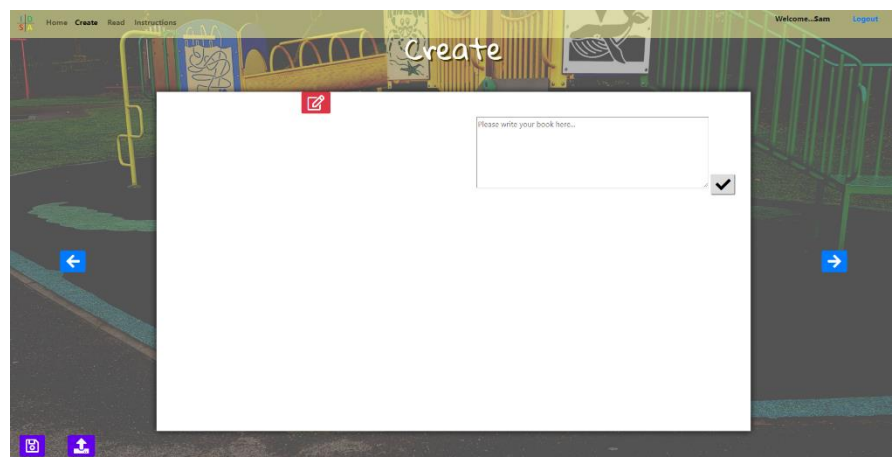

Logout - Once you have finished using the website, make sure you always log out.

Create a Book

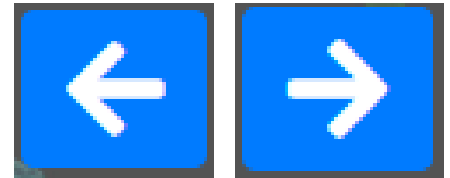

This section allows you to create your own eBook. You can add any of the items below to make your book

- Photos
- Drawings
- Voice Recording
- Words

Buttons

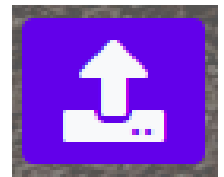

Use the left and right arrows to change the page shown on the screen. If the arrow does not work you will be on the first or last page.

This is the save button. Once you have finished making your book, click the save button to save all of your work.

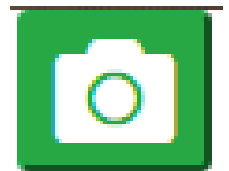

If you have already made a book, use the open button. Click this button and your saved book will appear on the screen.

This button will allow you to make your own drawings and then add them to your book. Click on the button to then start drawing.

This button will allow you to take a photo and add it to your book. Click on the camera button and then either take a photo or choose a photo from your computer or tablet.

On the first page you will see this box. Add the title of your book and then click on the  to enter your title.

Please Write the title of your book here...

This box allows you to enter the words for the book you wish to write.

Type in the words into the box and then click on

the  as you did for the title.

Please write your book here...

Create a Book - Drawing

Using this button will allow you create a drawing and then add it to your book. Click on this button and then a drawing pad will appear.

Use the colours by clicking one of them at a time and then start drawing.

The buttons below

- Small
- Medium
- Large
- X Large

Will change the size of your paint brush.

- Fill

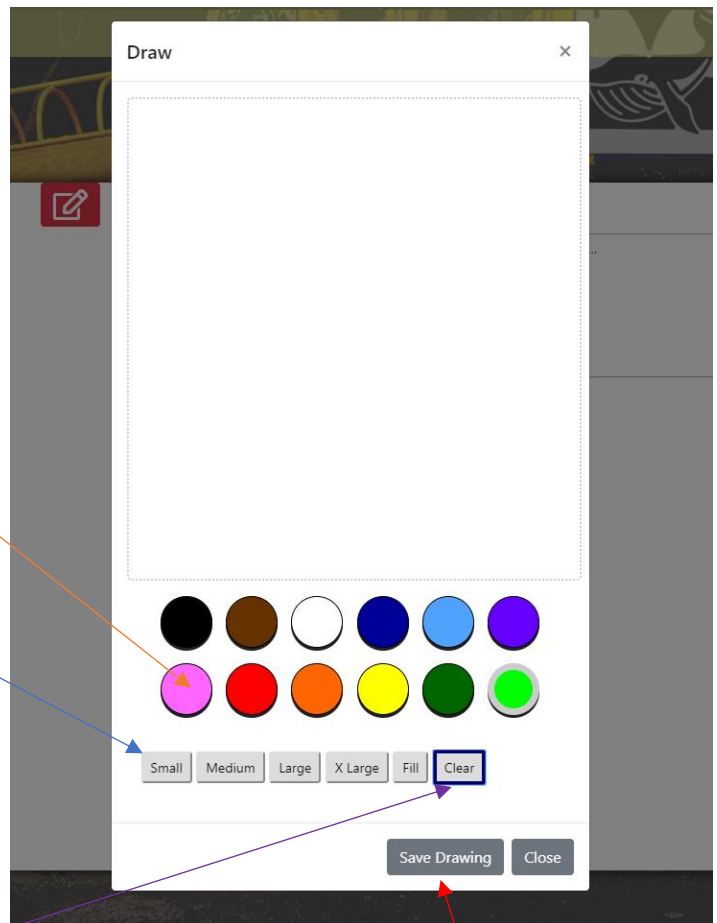

Will fill all the drawing pad with the colour you have chosen.

- Clear

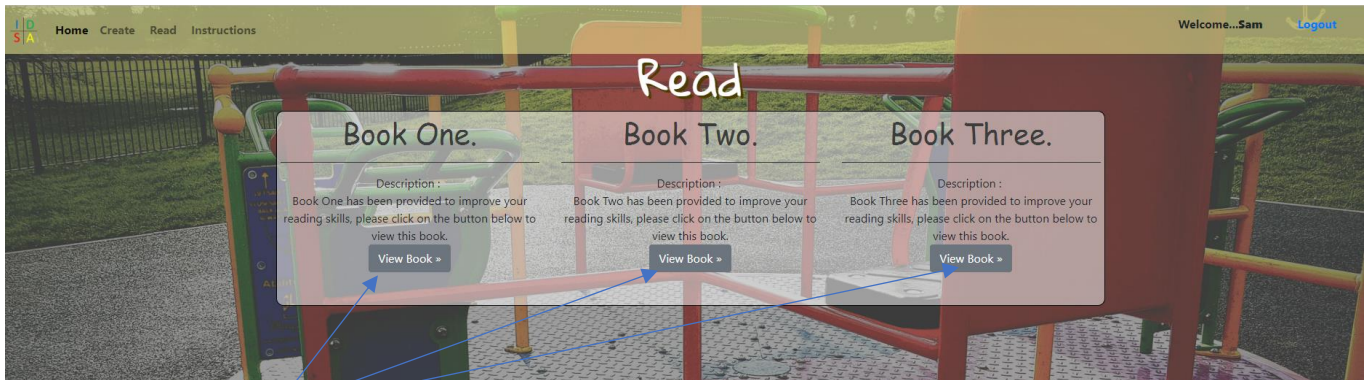

Will remove any drawings you have made so you can start again.

Once you have finished creating your drawing, click the save button to add it to your book.

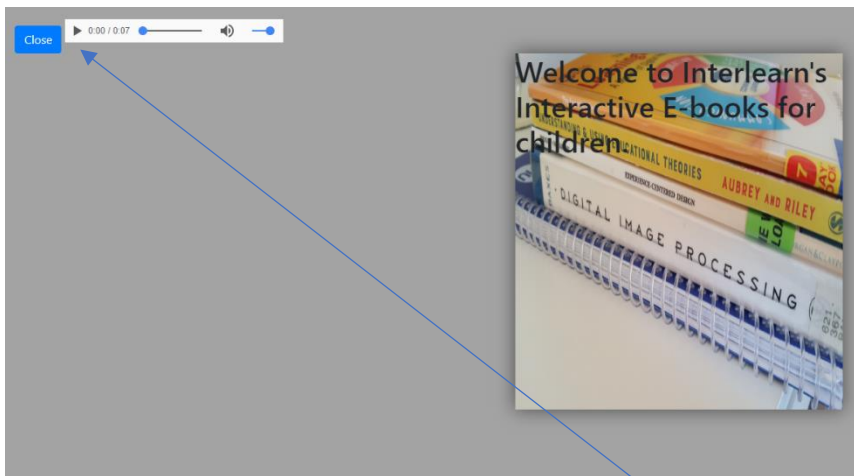

The close button will close the drawing pad and take you back you the book page.

Read a Book

Click on the view book which will then take you to the book you chose to read.

When you have chosen a book, this is what the page should look like.

Warning: Books cannot be read on mobile phones.

You can listen to the book using the audio play button which will read the book aloud while you follow by turning the pages.

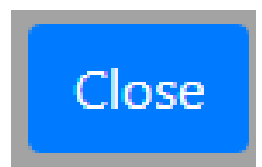

Go to the corner of each page and click to turn to the next page.

This can be done in

- Top Left
- Top Right
- Bottom Left
- Bottom Right

To move to the next page or the page before.

Once you have finished reading, click the close button to go back to the home screen.
